

Executive MBA

International Electives

About the Program

The Executive MBA is a two-year program designed for senior leaders in high-impact roles. With international standards and global recognition, it deepens strategic knowledge, sharpens critical thinking, and builds a systemic view of business.

Through exclusive international electives, participants—both Brazilian and international—gain access to global perspectives, emerging trends, and competencies essential for 21st-century leadership.

Courses

The international electives at FDC are designed to challenge, connect, and transform. The journey begins with **“Artificial Intelligence for Business Strategy”**, where participants explore how AI drives smarter decisions and digital competitiveness. In **“Social Intrapreneurship”**, participants align personal purpose with organizational goals through hands-on projects that foster social innovation and internal reflection and transformation.

“Leading Across Borders” equips executives to navigate cultural complexity and lead across global structures with sustainability and impact. Finally, **“Innovation, Entrepreneurship and Management”** empowers participants to launch ventures or transform their organizations through agility and real-world experimentation.

Together, these four electives offer a strategic, high-impact learning path that broadens perspectives, strengthens global leadership and deepens relationships that transcend borders.

Academic information

- Each international elective comprises an online module and a face-to-face immersion.
- The face-to-face immersion is three days long.
- The online component is mandatory for participation in the face-to-face immersion.

Each course is worth 3 ECTS credits.

Student Profile: Participants of Executive MBA by an AMBA accredited Program for senior Executives.

Location: Nova Lima and São Paulo campuses

Overview: At FDC, your knowledge travels further.

Fundação Dom Cabral:
Brazil's Global Business School

With Brazilian roots and a global vision, FDC is a pluralistic, innovative, and welcoming institution that offers both in-person and online programs, turning them into tangible opportunities for connection and meaningful experiences across academic, business, and social spheres.

For international students, FDC provides a valuable learning journey that addresses global challenges through the lens of Brazilian and Latin American contexts. For institutions, FDC is a trusted partner capable of designing and delivering fully integrated projects and programs.
